AIA Contract Documents

Sustainable projects start with the industry standard

Before the project broke ground, GSBS Architects used AIA contracts to design the **Water Efficiency Research Center** in Utah, a 10,000 sq. ft building used to educate the public about conservation.

AIA documents used: A101® Owner/Contractor–Stipulated Sum, A201® General Conditions, B101 Owner/Architect, and C401 Architect/Consultant

Learn more about the Water Efficiency Research Center project at aiacontracts.org/ce-water

THE TOP 50 CONSTRUCTION LAW FIRMS
